Hi, Jim, This is a brief apology for forgetting to include in [illegible] precinct of the 3rd-class [illegible] pkg of hers, chiefly on Kolima. I fairness them on arrival. Who does and but I've been so far behind on everything, that, with non-working working company, the day set aside for the volunteered help [illegible] arrived nor phoned and other preoccupations, I hadn't gotten into anything where I wanted to pay close attention without interruption.

The new JFK book concerns me because it is not what it appears to be from the public announcements, was the largest [illegible] operation of its sort of which I know, and without full knowledge or deep thought is either an entrapment or a frameup. Not only can it hurt all of us, but I want to learn and be able to decide where it leads. I am confident it is a newstep in systematized [illegible] of the very worst. Of sort me the II and III instalments of the affidavits, and reading them in no way dissuaded from this belief. I hope it is getting here, I also hope soon.

This negative thing I sent you also has taken much time in thought if not work. I'm sending a copy to Jim also. If I am aware that it can be a dick man's egotrip, or that it may be no more than a sophisticated effort to waste time for me, I am also of the belief it is the kind of thing that cannot safely be ignored. As soon as I have caught up on a few pressing things and if there are no more sons in, I'll go over that entire file at one time, make notes, select and forward. Since ely, HW
